

# Senegal Service-Learning Project

## Five-Day Schedule

Children's ministry schedules are full! If you need to spread the three Senegal Giving Project lessons out over five shorter sessions, this schedule may work for you. Each session is approximately 15 minutes long.

### Day 1

Entire Lesson 1: Where in the World is Senegal?

### Day 2

From Lesson 2: Hello, Senegal

- Review
- Wolof Greeting
- Distribute Fun Pages and read or tell the story "We Were Blind but Now We See."

### Day 3

From Lesson 2: Hello, Senegal

- Tonal Languages
- Talking Drums—If allowing the entire group to experiment with a talking drum or with rubber bands is impractical, consider using a small group of children from each class or demonstrating the tone changes yourself.
- What Can You Do Now?

From Lesson 1: Where in the World is Senegal?

- Cents to Send (with optional bank cube craft activity)

### Day 4

From Lesson 3: Living in Senegal

- Scripture Study
- Clothing and/or Table Manners

**Note:** Consider ending with the Scripture study portion.

### Day 5

Review what children have learned over the week by tossing the globe to various volunteers and asking them to state a fact about Senegal.

Use the Mankanya alphabet page and activity from Lesson 2 to remind the children what their offerings will help to provide for children in Senegal.

From Lesson 3: Living in Senegal

- Helping Bibleless Peoples
